DCF is not allowed to tell you the name of the person who reported you. Sometimes they call anonymously and sometimes they are mandated reporters, but regardless the names are redacted or blacked out. You are able to get a copy of the report, but you need to be able to make the request in writing to the Regional Director of the DCF office with a copy to the Commissioner.

You may want to check with the local DCF office to get the address of the Regional Director.

Then you need to get the report or written denial of why and it will take sometime to get the report
