

It is with any Taunton and near by residences might know a new court house has opened up in downtown Taunton. It is on 40 Broadway Street. Right now it is fully open to Juvenile Court and District Court and cases are also being heard there and being moved from 120 Cohannet Street.

In the Probate Court, you can file your pleadings in the Probate Court and very soon they will have court rooms opened and being used right now and along with housing court.

The phone numbers have changed, it is in downtown Taunton, there is no parking available, its part of the courts, but there is meter parking and a both a garage before you get to the District Court and parking lots as well.

The new court house does have enhanced security, but as an attorney it is much easier and better place having the central location and having the needs of Bristol County; particularly the people who live in the Taunton area, Attleboro area and so forth. My understanding is that the Attleboro Juvenile Court is going to have their Care & Protection cases heard in the Taunton Juvenile Court because of the upgrade in the facility.
